

# ***You're the Judges!***

## **Criteria list**

- My work makes people laugh
- I don't harm any animals in my work
- I go to events, like lectures, to tell people about my work
- My work will save some lives, but not many people have the disease I study
- Won't save any lives but will seriously improve lots of lives (e.g. helping people to walk again)
- My conclusions are based on lots of accurate data
- My work will improve the field of cosmetic plastic surgery
- My work could make me a lot of money
- I am married
- My work could help me to get a Nobel Prize
- I'm very good-looking
- My work will help us to protect the environment
- My work will help make cars that go faster
- My work will help us create replacements for plastics that we currently make out of oil.
- Lots of other scientists think my work is wrong
- I give lots of money to charity
- I use instruments we have had in our lab for years. I know there's newer ones on the market but I'd rather spend the money on other things.
- I drive a sports car.
- My work will help us understand in more detail how animals that live in the desert adapt to their surroundings
- I believe in God
- My work will help us to understand how our brains work
- My work will help us explore space.
- I'm wearing really cool trainers
- My work will help companies make more money
- My work will mean more people can have access to safe drinking water
- My work will create new knowledge
- My work will help people around the world to communicate faster
- I'm an orphan
- Lots of other scientists think my work is right
- I have tested my theory in lots of ways and haven't been able to disprove it
